

2022-2023 Quilt Challenge: Animal, Vegetable, or Mineral?

This year our Guild Challenge has an Animal theme! Cats, dogs, frogs, aardvarks, dolphins, dragonflies, elephants, eagles! What is your pleasure?

Enter any project -- jackets, tote bags, throw pillows, doggy coats, or a new guild name tag? Or a quilt or wall hanging, as long as it is no larger than crib size (max 41" x 52").

Please, join us for the challenge this year! Beginner quilter? Enchant the voters with your cute or quirky ideas or colors. Intermediate or expert quilter? Get your votes with your design and quilting expertise. All are welcome!

Requirements:

1. Animal theme may be expressed with animal print fabric, embroidered animals, painted animals, appliques animals, stuffed animals (if quilted), etc. Your choice, but sorry, NO LIVE animal entries!
2. Project must be quilted by hand or machine, not tied.
3. Entry must be accompanied by a short description about your choices/your design/etc. 50 words or less. No identifying information may be in the description, which will be posted alongside or on the entry, and preferably none on the piece itself (or it will be covered by a pinned-on patch).
4. Entry must be completed/submitted by and will be voted on at MAY 2023 meeting, after which entry photos will be placed online for voting by those unable to attend the May meeting. Online voting will be open from May 15th thru May 27th, 2023. Entries will be shown again at June 2023 meeting and \$\$prizes for top 3 vote-getters will be awarded at the June meeting.
5. Photos of winning entries will be submitted to local newspapers, preferably photos will be of winners and their quilts together (unless that person is too camera shy).

Hope you'll join us this year!!
