## Great Lakes Heritage Quilters

Beaumont/Corwell Health gives a pillow to each patient who has had open heart surgery. They use the pillow to brace their chest when they cough. They would love pillow covers for the pillows.

This pattern requires 13" of 45" wide fabric. Any color or pattern including holiday fabric it ok. These are given to adult patients.

Make an envelope cover with no zipper. The pillow is 15"X11". Cut fabric as shown below. Hem one side of both back panel edges, fold over ¼ inch and iron, then fold over ¼ inch again and sew into place. Place the front and back pieces right sides together. Sew with a ¼ inch seam. Turn and press.

Front Panel 16"x12"

Back Panel  
8.5"x12"

Back Panel  
12.5x12"
